Export and Lend-Lease Statistics—Milton Kaufman

Shipping Statistics—Nathan Habib

Import Statistics—Frank C. Bauer

Except for a few shipments of negligible importance, Lend-Lease exports in this month represented shipments made under the Lend-Lease program for which arrangements for repayment were completed prior to the exportation of the merchandise. In many cases, these arrangements apply to merchandise which was in Lend-Lease procurement channels at the cessation of hostilities with Japan and call for a substantial down payment by foreign governments with the remainder to be paid in 20 to 30 years. In other cases, the arrangements involved the full cash payment prior to the exportation of the merchandise.

Prices for FT 425 are as follows:

Calendar year 1944.....	$ .15
Monthly, beginning with figures for January 1945.....	.15
Yearly subscription, including monthly and calendar year annual.....	1.95

Export and Shipping Statistics—William C. Flaherty

Export Statistics—Milton Kaufman

Except for a few shipments of negligible importance, Lend-Lease exports in this month represented shipments made under the Lend-Lease program for which arrangements for repayment were completed prior to the exportation of the merchandise. In many cases, these arrangements apply to merchandise which was in Lend-Lease procurement channels at the cessation of hostilities with Japan and call for a substantial down payment by foreign governments with the remainder to be paid in 20 to 30 years. In other cases, the arrangements involved the full cash payment prior to the exportation of the merchandise.

Prices for FT 425 are as follows:

Calendar year 1944	$ .15
Monthly, beginning with figures for January 1945	.15
Yearly subscription, including monthly and calendar year annual	1.95
